CONTROL ZONE

YOUR GUIDE TO THE WORLD OF SONIC THE COMIC (STC) & SEGA. PRESENTED BY YOUR HOST, MEGADROID.

Hey, Boomers.

It's Christmas time once again and let's face it - what would you rather do - watch the Queen's speech or celebrate in style by reading *STC*'s fab festive issue?

Even the humbug-humes who think they run *STC* are finding it hard not to get excited! There's four levels of tinsel-charged, complete stories to travel through! Level one sets alarm bells jingling for Sonic in **Black Christmas** when he finds an evil elf stalking the Emerald Hill Zone!

Level two features Tails and a terrifying turkey on the rampage in **Going Crackers.** If you can survive that, then be prepared for ghostly goings on at creepy castle Frank N. Stein in **Decap Attack.**

Finally, you'll reach Sonic's World, where **Amy & Tekno** are reunited with old friend, Shortfuse the Cybernik, in the badnik-filled story *Peace of Action*.

As well as featuring your regular heroes and villains from the merry planet Mobius, this issue also contains a cracking Tails Pin-Up, plus your own artwork in the **Jingle Zone.**

I know you're itching to get started, but make sure you join me again next issue when I ring in the New Year with a dazzling new look *STC*.

All will be revealed next issue, but meanwhile, to Boomers everywhere

HAVE A FAIRY LIGHT-FULL CHRISTMAS, & AN *STC* FILLED 1998!

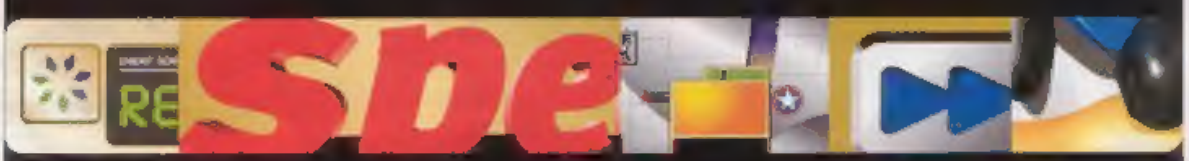
THREE CHEERS FOR THE NEW LOOK, NEW YEAR

The New Year gets off to an explosive start! As from issue120, *STC* is given the complete MOT with a new look that's even funkier than Knuckles dreads!

So check out your fave read in a fortnight for an even sleeker, slicker feel.



NAME ERROR

Apologies to Nick McMahon, cover artist on *STC* 116, who was credited as 'Nigel Dobbyn'. Rest assured, the Name Enforcer Sue is having to blow 'into one hundred and ninty counting - balloons for the office party festivities (and we've put a pin through all of them!).

DOCTORED EVIDENCE

Dear Megadroid
How come Sonic turned on the Regent Street Christmas Lights in London when he's supposed to be protecting Mobius, millions of light years away? Or was 'Sonic' really Doctor Robotnik in disguise, trying to take over us earthlings as well?
Dean Parsons,
Knowle Park, Bristol.
Enamel Badge Prize Winner.

I see what you mean, Dean. You've certainly shed new light on the situation!
